On this occasion, we would like to welcome experts, SketchUp Plugins developers and distributors worldwide.

While the SketchUp team supports this event and some members will attend, it is not related to 3D Basecamp.

The SketchUp PLUGINS Conference is directed at, Gurus, experts, fanatics that is to say SketchUp Pro's best of the best.

The event is being hosted by Iscar, the Spanish reseller for SketchUp Pro, under the supervision and with full support from the SketchUp Team.

We want to see plugins developers in action. It will certainly be fascinating.

We have chosen a multi-conference system, what does this mean? 2 rooms in action simultaneously, (Room A: DESIGN Room B: ARCHITECTURE, ENGINEERING & PLANNING) so you can choose, all the plugins that interest you most.

We will also have a third room available for networking sessions, workshops, etc ... so you can get in contact with and exchange ideas in a personalized way.
